Master Lock®

Covered Solid Brass Padlocks

Master Lock Company's covered solid brass padlocks are designed for outdoor use. Master Lock's corrosion-resistant, high-security solid brass padlock is combined with a protective vinyl cover.

The cover prevents scratching and marring and the keys also feature vinyl covers for easy identification and use.

The lock cover comes in black, red, blue, green or yellow. In addition, for U.S. customers, the lock is also available in magenta. For our international customers, the lock is available in grey and lavender.

The lock features a pin-tumbler lock mechanism to resist picking, and a dual-locking system which independently locks each shackle leg to prevent pulling, prying and hammering.
