# Master Lock®

## Professional Grade Hasps

Master Lock offers a line of professional-grade hasps to stand up to the most demanding conditions.

### Features include:

- Heavy, malleable iron to resist cutting, sawing and hammering. hardened, boron-alloy steel staples that withstand up to eight tons of cutting force.
- Hinge pins that resist being driven out.

Hasps for special, hard-to-lock applications include single-hinged or double-hinged options. High security is provided with boron-alloy steel staples and heavy-gauge steel construction to resist cutting. Rolled-edge design protects against prying and conceals mounting hardware.
