Established 1946 | NSW-Based | Servicing Australia-Wide

For over 80 years, AJ Edden has delivered trusted solutions to commercial, government, industrial, healthcare, education, and residential sectors throughout New South Wales and Australia.

Acknowledgement of Country

AJ Edden acknowledges the Traditional Custodians of the lands on which we live and work. We pay our respects to Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples. We recognise their continuing connection to land, waters, and community and acknowledge the important role First Nations people continue to play across Australia.

Company Overview

AJ Edden established in 1946 specialising in Door Hardware, Locksmithing, and Electronic Security Solutions. We service Local Councils, Defence, Hospitals, Schools, Universities, Aged Care, Strata, Social Housing, Disability Services, Commercial and Residential sectors across New South Wales and Australia. The selection of products offered far exceeds any normal hardware business.

AJ Edden has built a reputation for delivering practical, reliable, and technically sound solutions across projects of all sizes and complexities. Our longevity within the industry reflects our commitment to quality workmanship, trusted supplier relationships, responsive service, and strong project delivery capability.

With more than 80 years of experience, AJ Edden provides fully integrated solutions across architectural-commercial and residential door hardware, master key systems, electronic security, access control, CCTV, alarms, and a variety of specialised locking systems. Our team works closely with builders, contractors, architects, project managers, facility managers, councils, interior designers and government departments.
